

Keystone Church

Service Programming Student Volunteer Commitment

At Keystone we believe students are not just the future leaders of tomorrow, but are leaders of today who play an integral part of our ministry teams. We are so glad your student has expressed an interest in using their gifts, talents and time to serve others. We understand that when a student decides to serve in a ministry area that they have also committed their parent(s)/guardian(s) to making sacrifices in some capacity or another such as: parents providing transportation, altering schedules and plans, family time, etc. For your child to thrive in their volunteer role, they need the loving support of their parents or guardians. We thank you in advance for your sacrifice, commitment and support that your child will need to make a lasting impact in the lives of others. Please fill in the information below that will allow us to take the next step in getting your student plugged into Keystone's Service Programming ministry.

I, _____ (parent/guardian) of
_____ endorse and support my child to serve in/on
_____ (name of ministry) in the role of
_____ with the frequency of
_____. I understand my child will report to
_____ (name of ministry leader).

I will do everything in my power to enable my child to fulfill their commitment to the team, arrive on time, be prepared for service and attend important trainings and celebrations. I will do my best as a parent/guardian to communicate when necessary (ie. when my child will not be able to serve in their role due to vacation or illness) appropriate ministry leaders.

Parents, you can expect from your child's ministry leader clear and consistent communication, the necessary tools your child will need to serve, training and development that your child will need for their area of service, personal care and appreciation for you and your child.

As ministry leaders we welcome feedback and would love to partner with you as parents to help lead your student in a growing relationship with Jesus as they grow as leaders in their areas of service.
